

BARNETT & BARNETT

Your property insurance experts

Finding the solutions, tailor made for you

A dedicated team of property specialists provide the right insurance products to match your needs whilst managing the administration process from end to end.

The Barnett & Barnett guarantee.

Having the right insurance is a fundamental requirement of any business, but for the property industry there are also several elements of specialist cover and administration required, finding the right insurance partner is a critical part of the job.

With unrivalled access to the specialist property insurance world, we have produced a series of unique products to help you gain a competitive edge

Dedicated Team

We have a dedicated team who not only understand your business but are insurance experts able to source the right products and services at competitive prices, ensuring your business saves time and money. This is particularly important when dealing with unoccupied premises where premiums are non-recoverable.

Once you have explained your needs and issues, our job is to find the right solution. We are not in the business of

telling you how to run your business. We find solutions to fit you, not to suit us.

Tailor-made

By listening to you and your business needs, we can offer tailor-made insurance solutions provided by high quality insurance companies.

Take advantage of our years of experience and knowledge of the market to find the right insurance and administration package for you.

Our dedicated team works with you from end to end, providing a high quality service that brings our customers back year after year.

We protect:

Risk management

Not only do you face mounting cost pressures but regulation is increasing all the time with health & safety issues rising to the fore, along with building regulation concerns. Our property risk manager can work with you identifying ways in which to improve your risk management and steer you towards lower insurance premiums in future years, as well as advising you on health and safety issues and other regulations. We will help you through the legal maze and use insurance to transfer risk where possible to leave you free to do what you do best – run your business.

Claims priorities

We know that things do go wrong and that you will face claims at some point. We aim to make the process as pain-free and hassle-free as possible with our specialist claims unit.

By using our dedicated team, you can save time and money and have your operation running at full capacity again

in the shortest possible time. Our staff will chase claims throughout the process, liaising with lawyers, surveyors, property managers and tenants as necessary.

Supporting the claims process we offer you regular claims analysis, which will help you identify any problem areas and in turn help your business, ultimately saving money on insurance premiums in the future.
